

Calculemus!

Berechnen wir!

Leibniz

1646 – 1716

- ◆ Droomde van de “**Calculus ratiocinator**”
 - ◆ Een logisch denkend apparaat

Waarmaken van Leibniz's droom

Eerste computer, mechanisch

Charles Babbage
1791-1871

Babbage Difference Engine made with LEGO

◆ <http://acarol.woz.org/>

This machine can evaluate polynomials of the form $Ax^2 + Bx + C$ for $x=0, 1, 2, \dots, n$ with 3 digit results.

De eerste informaticus

Ada Lovelace
1815 – 1852

- ◆ Beschrijft wat software is
 - ◆ Ze ziet in dat je meer kan doen met een computer dan enkel berekenen
- ◆ Schrijft eerste algoritme/programma

ENIAC

Eerste computer: WOII

John Mauchly and John Eckert, 1945

John Atanasoff
1903 – 1995

Clifford Berry
1918 – 1963

Atanasoff-Berry Computer

Honeywell v. Sperry Rand case, 1973

Was dit de eerste elektronische computer?

ENIAC

Bletchley Park
